11/31/2022 1.	Begin planning and research	4 Hours	EM, LF, GG, MS	Came up with the theme of a "space tourism" website that will not only allow you to take a vacation, but become an astronaut.
12/4/2022 2.	Begin base HTML code	3 Hours	EM, LF	Created a basic HTML layout for the website, placing certain pages in the footer to save space.
12/6/2022 3.	Begin landing page text and graphics	3 Hours	GG, MS	None
12/8/2022 4.	Finalize landing page text and graphics	2 Hours	MS, EM, GG	None
12/16/2022 5.	Flesh out landing page in HTML and CSS	4 Hours	EM, LF, GG	None
12/21/2022 6.	Begin research and graphics for all other pages	5 Hours	EM, MS, GG	None

TECHNOLOGY STUDENT ASSOCIATION PLAN OF WORK LOG

Date	Task	Time involved	Team member responsible (student initials)	Comments
1/3/2023 1.	Finalize all page layouts and begin to add them to the website	5 Hours	EM, LF, MS, GG	We decided on the color scheme for our graphics to take a break from the dark and starry space trope.
1/6/2023 2.	Create necessary CSS and JS files	6 Hours	EM, LF	Buttons, carousels, and other small quality of life additions now work.
1/12/2023 3.	Begin working on backend (concept for states)	3 Hours	EM	After much searching, and failed attempts using both python/flask, and php frameworks, we decided to use firebase to give our website a simple backend to give the website a more authentic experience.
1/18/2023 4.	Review and submit website for regionals	4 Hours	EM, LF, MS, GG	After submitting, we came up with the following plans for states: Full text/graphic overhaul, better mobile layouts/design, and a fully functional backend
2/23/2023 5.	Begin states revisions, starting with graphics	3 Hours	LF, MS, GG	Added blue highlights to contrast the standard orange backgrounds
2/27/2023 6.	Add firebase to project, begin nodejs scripting	4 Hours	EM	After getting over the hill of firebase configuration, we were able to set up authentication fairly easily.

Date	Task	Time involved	Team member responsible (student initials)	Comments
3/8/2023 1.	Continue backend development	4 Hours	EM, LF	Working with the firebase database is extremely unintuitive, and may lead to a backend focused mainly around user authentication.
3/17/2023 2.	Work on new graphics and layouts	2 Hours	GG, MS	None
3/23/2023 3.	Continue backend development	2 Hours	EM, SD	None
4/7/2023 4.	Finalize webpage text content	4 Hours	GG, MS	None
4/9/2023 5.	Finalize website files and graphics	3 Hours	EM, LF, MS, GG	None
4/11/2023 6.	Finish and submit website for states	3 Hours	EM, LF, MS, GG	Future plans include: A more developed backend, a continued emphasis on reactive web design, and new text/image content.
